8. Do not spray the hair wax and water spray gel on the hair.
9. It is normal if there is several hair fall down when you comb the hair.

FAQ:

Q1: Why The Colors Of Hair Extensions Don't Seems Exactly As The Pictures Show or Description Says?

A: Different monitor have different displays. The same color number may have a little color difference. You could dye the hair if you need different color.

Q2: Why My Hair Extension Is Different From The Hair On The Head of Model?

A: Model pictures showing in our web are for your reference only.

Q3: Why Are My Hair Extensions Getting Tangle?

A: Your Hair Extensions can tangle due to dryness, oil & dirt build-up, salt water, chlorine and not combing (wide tooth comb) out your hair daily Make sure to wash & condition your hair at least once a week, twice a week is better. Use hydrating drops or consult your stylist for more help.

Q4: Why Are My Hair Extensions Get Shedding?

A: Firstly, please running with your fingers or Wide-toothed gently, to prevent the shedding. For curly hair, please don't use the comb. Secondly, After wash please nurse the hair with some hair oil, then the hair will be silk and soft.

1. After washing the hair, please nurse With some hair oil, then the hair will Be silky and soft.
2. Choose the wide-toothed comb; comb it gently, so as to prevent shedding.
3. Too much heat may damage the hair.

Q5: Could the Hair Be Dyed And Iron-flat?

A: It is virgin hair, so could be dyed and iron-flat, iron flat please don't exceed 150C, or the hair will be destroyed. Also the hair will come back to its natural wavy after you wash it or iron-flat.

Q 6: How Many Bundles For A Full Head?

A: Here are the pictures in the length between difference texture.
